

Ski resort Pec pod Sněžkou

Route description

In Pec pod Sněžkou you will find 14 km of high-quality slopes of different levels of difficulty, which are mostly covered with artificial snow and maintained on regular basis. At your disposal there is one black-marked slope for advanced skiers, several red-marked slopes and also a few blue-marked easy slopes suitable for families with children and beginners.

Three of the local slopes are illuminated at night and offer evening skiing service. Speed lovers can use time-measured tracks for downhill and slalom skiing. In the resort there is a snowpark regularly used for final freestyle snowboarding and skiing competitions of the Czech republic championships. The resort also offers a LivePark Klondike with skiing lessons for children that is equipped with moving carpets, children tow lifts, carousels and modern training equipment. The local ski school offers lessons for beginners, kids programmes, condition lessons for advanced skiers and experts. Transport of skiers is provided by 2 four-seat ski lifts and 11 tow lifts. Visitors can use one of four parking lots, sports equipment rental shops, ski and snowboard service shop. Refreshment is offered by a MINI BullBar nearby the skiing slope or several restaurants in the resort. The town of Pec pod Sněžkou offers a wide range of accommodation facilities. Transport of visitors within the whole ČERNÁ HORA - PEC area is provided by a SkiTour Express bus line, a special SkiTour snowcat and a City Bus. Cross-country skiing lovers will appreciate high-quality tracks in the resort vicinity.
